
Science and Mathematics Students!!!
You're invited to attend a workshop ...

Australian Indigenous Engineering Link Project

An initiative of *The Engineering Link Group* and *The University of Queensland*
Supported by *Queensland Government Department of Transport & Main Roads*
&
Engineers Australia

Three Locations:
The University of Queensland, Brisbane (June 25 – 28, 2012)
CQUniversity, Rockhampton (June 25 – 28, 2012)
James Cook University, Townsville (July 15 – 18, 2012)

AIELP program features...

- 3 days of real engineering. You won't **watch** engineers, you will **be** engineers.
- **Learn** about the roles of **engineers in society** and how their **problem solving** approaches use **your** knowledge!
- Find out why you **need** to study Physics, Chemistry and Mathematics!
- Work with **real Engineers**.
- **Meet students from all over Queensland who think just like you!**

Full program details and Application Forms can be downloaded from—
<http://www.telg.com.au/AIELP.html>

AIELP Program

Day 1

- 10.00 Arrive, register, settle into rooms
- 10.30 Welcome by dignitaries and TELG directors
