

Forging Links Between Schools and Industry

LA TROBE UNIVERSITY ENGINEERING LINK PROJECT

Are you in Year 10, 11 or 12 and ready to position yourself for YOUR future?

You need to be at La Trobe University!

Two days of hands-on projects — work with professional engineers.

Work in teams— solve real world problems!

Experience disciplines such as Civil, Electrical, Mechanical, Environmental and Mechatronics Engineering.

Discover what engineering is REALLY like (and how fun and fulfilling it is!)

Work in world-class facilities with world-class engineers!

SEPT 30 & OCT 1, 2019

Work with real engineers

Work in groups solving hands-on engineering problems

Actually test your solutions!

“The learning experiences can’t be found in a classroom”

“We loved the hands-on projects and the opportunity to build the solutions we designed.”

La Trobe University, Melbourne
Sept 30 & Oct 1, 2019
